MOST INNOVATIVE

Always willing to partner on new and innovative initiatives that advance the healthcare industry and the role of pharmacists in quality patient care, Kinney Drugs, a medium chain in NY/VT, was one of our first chains to successfully launch a medical billing program in 2023, starting with a smoking cessation program in the state of VT.

2023 proved an exciting year for CVS Pharmacy! Determined to find the most effective way to complete CMRs in its more than 9,000 retail pharmacies, CVS Pharmacy piloted various workflow models, exploring the best time, model, and staff utilization for its operations.

Known for their innovative efforts and impactful presence of over 8,000 locations across the nation, Walgreens partnered with Outcomes and new payers to launch a MedRec pilot in 2023, providing improved patient care to patients recently discharged from the hospital.
